Rosemount™ 405 Compact Orifice Primary Element

Blenda

405CS100N065R3DT

Model

405 Compact Orifice Flowmeter

Primary Element Technology

C Conditioning Orifice Place

Material type

S 316SST

Line Size

100 10-in. (250 mm)

Temperature Measurement

N No Temperature Measurement

Primary Element Type

065 0.65 Beta Ratio (β)

Transmitter Connection

R3 Remote mount, NPT connections

Installation Accessories

D ANSI Alignment Ring (600#)

High Temperature Application

T Graphite valve packing (Tmax = 850 °F)
